

SARVAM

Enviro Solutions Pvt. Ltd.

Who We Are

Transformation Through Sustainability

Sarvam Enviro Solutions Pvt. Ltd. is a professional environmental consultancy delivering sustainable, research-based solutions to industries. We specialize in wastewater management, environmental compliance, and testing of water, soil, and air, along with ESG and sustainability services.

We provide end-to-end, one-stop solutions to help organizations achieve compliance and move towards a greener future.

Synergy for a Green Future

Our Vision

To be a trusted leader in environmental and sustainability solutions, driving industries towards a cleaner, greener, and more responsible future.

Our Mission

To deliver innovative, research-driven, and sustainable environmental solutions that help organizations achieve regulatory compliance, optimize resource management, and enhance their ESG performance through end-to-end, one-stop services.

Our Core Expertise

Wastewater Management

- We design efficient treatment systems tailored to industrial needs.
- Our solutions promote water recycling and reuse.

Environmental Compliance

- We help organizations meet all environmental regulations.
- Our services include approvals, audits, and compliance support.

ESG & Sustainability

- We develop ESG strategies aligned with global standards.
- Our solutions enhance sustainability and long-term value.

Environmental Testing

- We provide reliable testing of water, soil, and air.
- Our analysis ensures quality and regulatory standards.

Why Partner With Us?

Expert Team

Skilled professionals with deep industry and technical knowledge.

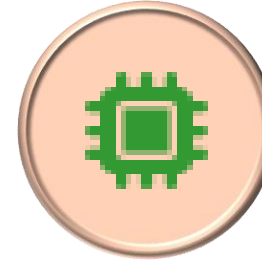

Customized Solutions

Tailored strategies specifically designed for your business needs.

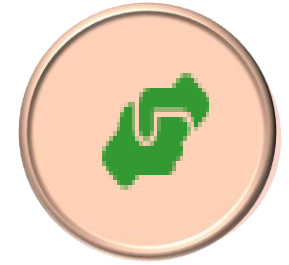

Regulatory Expertise

Comprehensive understanding of regional and national compliance frameworks.

Modern Technology

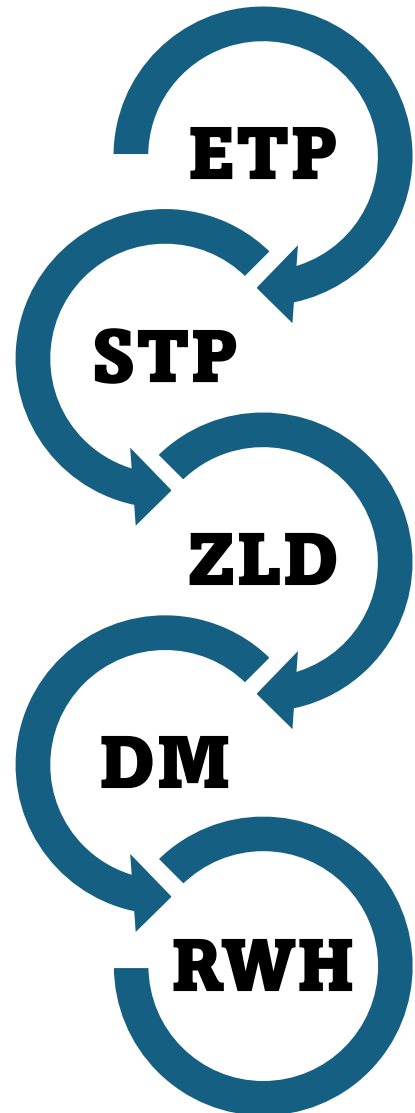

Implementation of advanced analytical tools and treatment systems.

End-to-End Support

From initial consultation to execution and monitoring.

Water Management Solutions

ETP

Effluent Treatment Plant

Treatment of industrial wastewater to meet discharge standards.

STP

Sewage Treatment Plant

Treatment and reuse of domestic wastewater for sustainable use

ZLD

Zero Liquid Discharge

Complete elimination of liquid waste through recovery and reuse.

DM

Demineralization Plant

Removal of dissolved salts to produce high-purity water.

RWH

Rainwater Harvesting

Collection and storage of rainwater for conservation and reuse

Compliance & Approvals

Environmental regulations can be challenging to navigate. We offer comprehensive support to ensure seamless compliance with all MPCB requirements.

- ❖ Consent to Establish
- ❖ Consent to Operate
- ❖ Consent to Renewal
- ❖ E-Waste Authorization
- ❖ Hazardous Waste Authorization
- ❖ Bio-medical Waste Authorization
- ❖ Plastic Waste Authorization
- ❖ Battery Recycler Authorization
- ❖ E-waste Return
- ❖ Battery Return
- ❖ Bio-medical Waste Annual Return
- ❖ Hazardous Waste Annual Return (Form 4)
- ❖ Environmental Status Report (Form 5)
- ❖ Online Manifest Submission (Form 10)
- ❖ Extended Producer Responsibility (EPR)

ESG & Sustainability Services

Assessment

- Life Cycle Assessment (LCA)
- Product Carbon Footprint (PCF)
- Greenhouse Gas (GHG) Accounting (Scope 1, 2, 3)
- Environmental Product Declarations (EPDs)
- Supplier ESG & Value Chain Assessments
- Industrial Process Efficiency Assessment

Reporting & Strategy

- ESG Gap Analysis
- Compliance Mapping (BRSR, GRI, CBAM, SBTi)
- Supplier Performance Tracking
- ESG & Net-Zero Strategy Development
- Science-Based Targets (SBTi) Setting
- Double Materiality Assessment

Environmental Monitoring Services

**Water & Wastewater
Testing**

**Air Pollution
Monitoring**

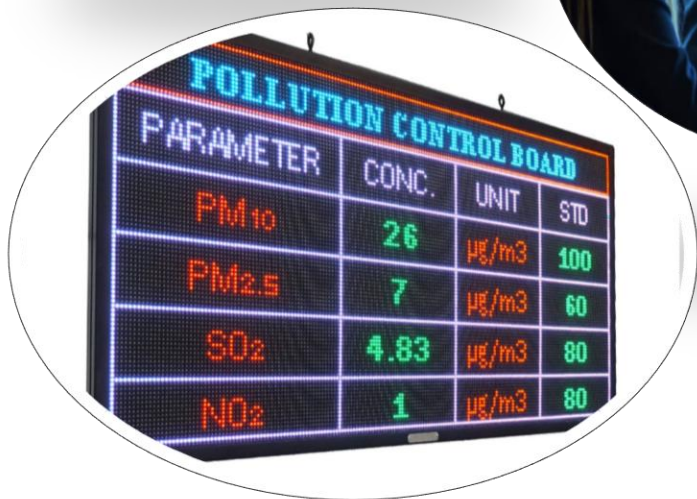

**Noise Level
Monitoring**

Soil Testing

Industrial Chemicals & Equipment Trading

We provide high-quality, chemicals and equipment to support industrial and environmental excellence.

- RO & Softener Chemicals for water treatment systems
- ETP & STP Chemicals and Microbial Cultures
- Boiler Water Treatment Chemicals
- Industrial Solvents, Acids & Bases
- Laboratory Equipment
- Industrial Safety Products & PPE
- CEMS (Continuous Emission Monitoring Systems)
- Environmental Display Boards

| INDUSTRIES WE SERVE

We provide tailored solutions across diverse sectors to manage waste, emissions, and compliance effectively.

Manufacturing

Construction

Pharmaceutical

Automotive

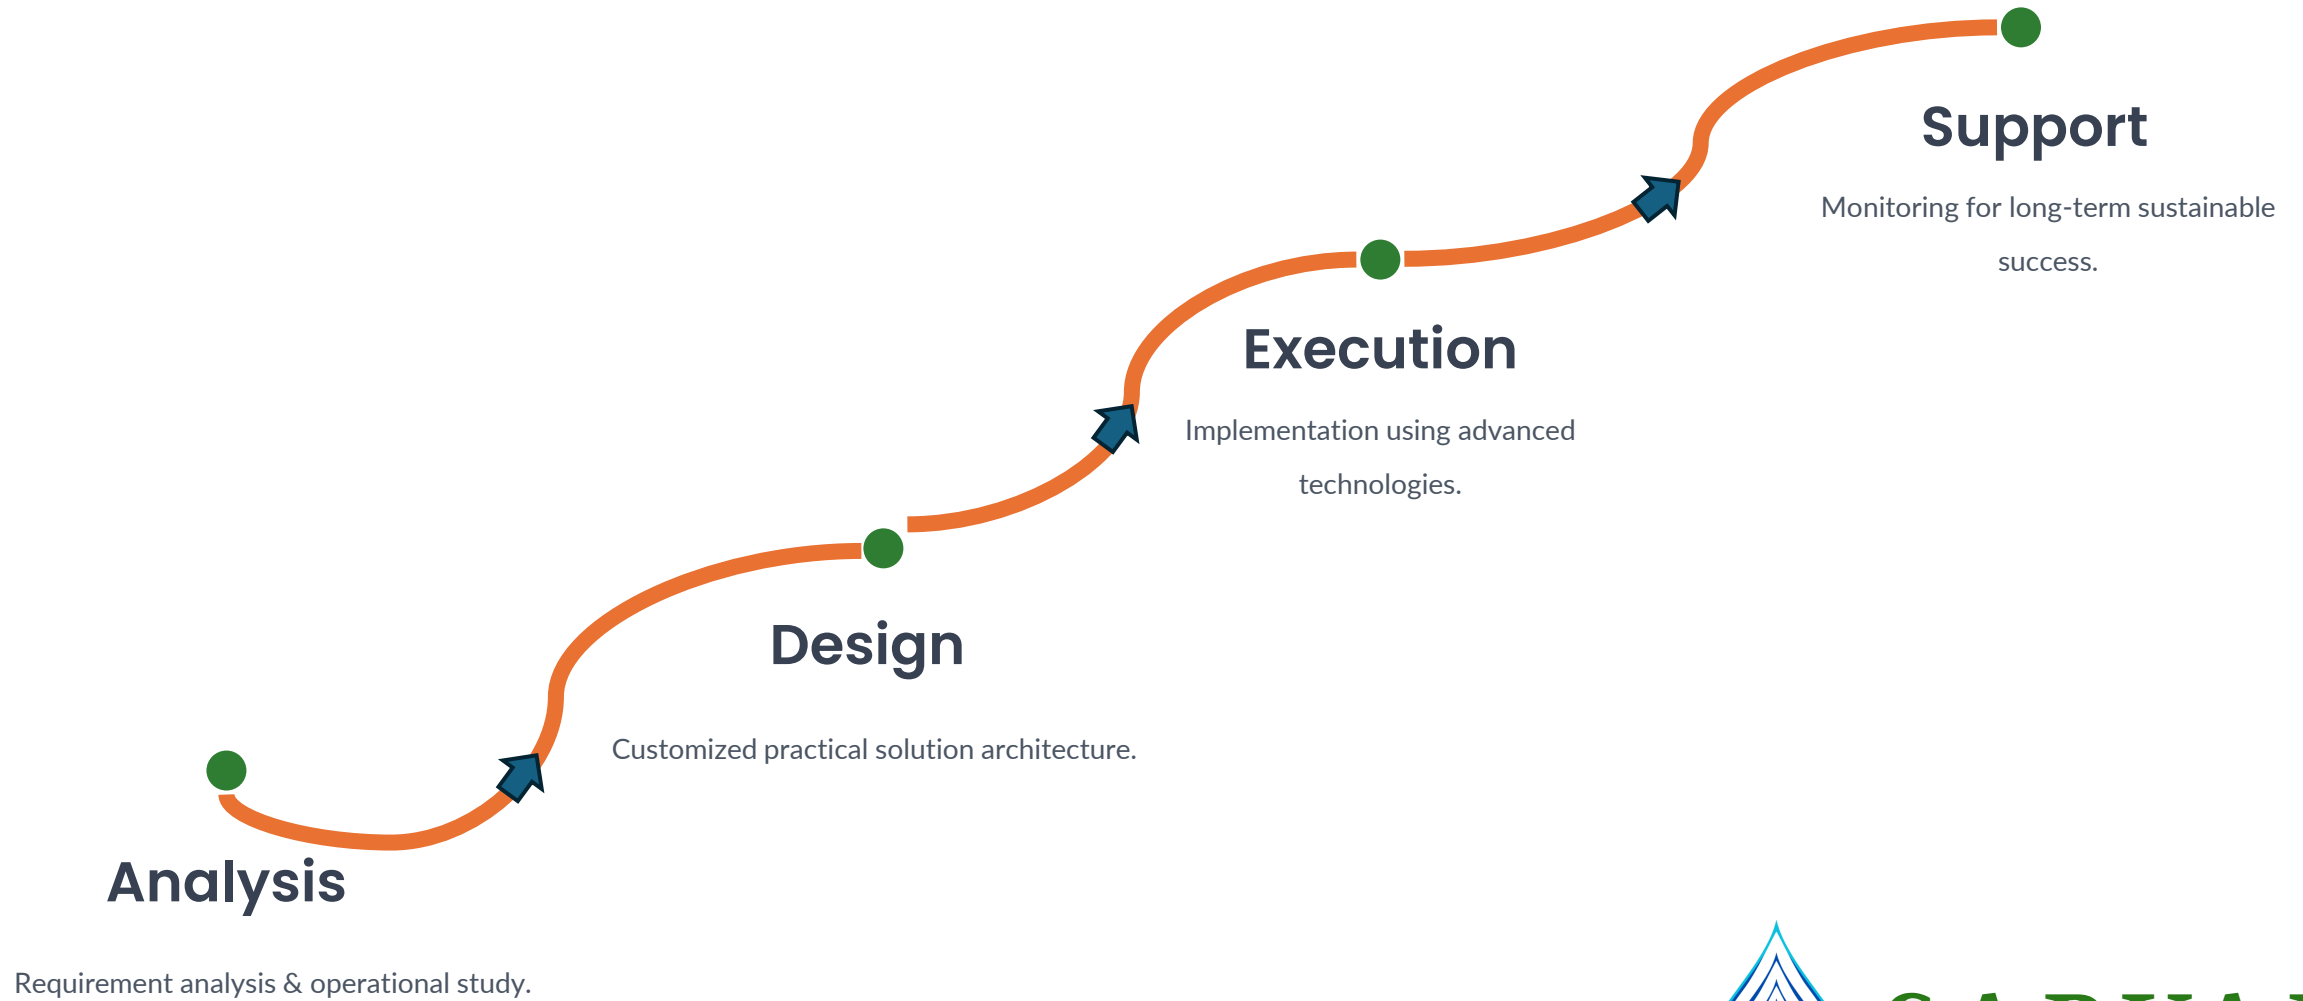

Food & Beverage

Agriculture
